AKHIL MAREPALLI

Vijayawada, India
akhimarepalli666@gmail.com | LinkedIn | GitHub | Portfolio | +91-9063946939

Summary

B.Tech CSE undergraduate (CGPA 8.7) with hands-on experience in Python/ML projects, full-stack development, and Linux and networking coursework (Red Hat RH134, Cisco, Aviatrix). Looking for a software or infrastructure role where I can build, deploy, and troubleshoot reliable systems.

Education

KL University, Vijayawada 2023 – Present
B.Tech in Computer Science Engineering CGPA: 8.7

Sree Chaitanya Junior College, Khammam 2021 – 2023
Intermediate (TSBIE) Marks: 944

Sree Vidhyanikethan High School, Khammam 2021
SSC CGPA: 10.0

Projects

W.A.N.D. — Wizarding Assistant for Natural Dialogue

Tech:

- Built a web-based AI voice assistant with continuous voice recognition and command-driven automation.
- Implemented file handling, application control, and media execution features triggered by voice commands.
- Designed a responsive UI with dynamic interactions; managed the project with Git and GitHub.

Predictive Fraud Prevention System Using ML for Streaming Data

Tech: Python

- Developed a machine learning fraud detection system for streaming transaction data using anomaly detection and predictive modeling.
- Trained and evaluated models in Python; integrated backend modules and REST-based workflows.

NowCart — AI Recommendation Engine E-commerce Demo

Tech: React 18, TypeScript, Vite, Tailwind CSS, Zustand *Hackathon project*

- Built the frontend for an e-commerce demo showcasing AI-driven product discovery, using AI-assisted development.
- Added a cart-page cross-sell section that suggests complementary items with explanations for each recommendation.

Experience

AI-ML Virtual Intern — EduSkills (AICTE), Google for Developers Jul 2025 – Sep 2025

- Worked on supervised learning models, preprocessing, and model evaluation.
- Implemented Python-based machine learning workflows on real-world datasets.

Artificial Intelligence Intern — Edunet Foundation (AICTE) Jun 2025 – Jul 2025

- Gained practical exposure to NLP concepts and intelligent system design.
- Completed hands-on labs involving AI workflows and model understanding.

Technical Skills

Languages:	Java, Python, C
Web Development:	HTML, CSS, JavaScript, TypeScript, React (Basic), Bootstrap, Tailwind CSS
Backend & Databases:	Spring Boot, FastAPI, Flask, JDBC, REST APIs, SQL, PostgreSQL, MySQL
AI/ML:	Machine Learning, NLP, Data Preprocessing, Model Evaluation
Networking:	TCP/IP, Networking Fundamentals, Multicloud Networking
Systems & Tools:	Linux (Red Hat), Git, GitHub, Postman, Vercel
Core Concepts:	Data Structures & Algorithms, OOP, DBMS, Operating Systems, MVC Architecture

Certifications

- Cisco Networking Essentials
- Aviatrix Certified Engineer (ACE) — Multicloud Network Associate
- Red Hat System Administration II (RH134) — Certificate of Attendance
- Cambridge Linguaskill General — English, Average Score 161 (CEFR B2)
